

**This appears in the Sunday service leaflet. What does it mean?**

*Being Benedictine means that St Paul's is  
Christian, Catholic, Anglican, Episcopalian  
in that order. And we are here to stay.*

It means that St Paul's is:

**Episcopalian** in all ways that are fully consistent with world-wide historic Anglicanism.

**Anglican** in all ways that are fully consistent with traditional Catholicism.

**Catholic** in all ways that are fully consistent with orthodox Christianity.

**Christian** in all ways that are fully consistent with Our Lord and Savior Jesus Christ.

And in addition to *Conversatio morum* (conversion of life), St Paul's values the Benedictine vow of Stability. Continuity and perseverance both in this place and in the historic, orthodox, Catholic Christian Faith are an important part of our mission and our "DNA".
